We source high-quality cacao and make chocolate snacks with no junk ingredients. What you put in your body helps creates the energy you put out in the world. Cacao can be a great crop to help protect rainforests and reforest degraded areas. We work with supply partners that employ regenerative agroforestry practices. Rookie's

Our story started out like any other. We found ourselves driving back from West Virginia towing a dream and a 1961 Kenskill camper that needed a lot of TLC before it would ever become what would be our first “Rookie’s”. We had no idea what we were doing, but that’s just the thing: everyone starts out a rookie. Since then, we’ve embraced our namesake, always challenging ourselves to start, learn, and do. Our heart is to bring people together over something as simple and delicious as handcrafted cookies and ice cream.
