La Pêche

FRENCH-STYLE BAKERY

At La Pêche, we embrace the French philosophy of joie de vivre—the joy of living. For us, happiness comes from the little pleasures: sharing delicious, indulgent treats with loved ones, savoring each bite, and slowing down to truly enjoy the moment. Our journey began with a simple goal: to recreate the timeless magic of French cookies for all to enjoy. By combining the best of old-world tradition, like using pure butter and simple ingredients, with modern innovative flair, like including globally sourced flavors and gluten-free adaptations, we are able create distinctive cookies that are a cut above in every way possible.

Gluten and Grain Free, All Natural

Made with 100% Almond Flour (no other starch or grain blends)

Pure Butter Recipe (no oils or shortenings)

Tender, Shortbread style Texture

Low in added sugar (3g per serving)

365 days at Production

Manufactured in Hudson, New York

Nantucket Crisps™

What makes us really excited is creating something that brings happiness and well-being. To create something that people intuitively enjoy, that feels good and does good. We believe that food is an amazing medium for inspiring joy, connection and environmental change. We're idealistic about organic agriculture. To us, it is without a single scoop of doubt, the most responsible and earth-friendly way to grow our food. In short, organic agriculture is about working with nature instead of fighting it.

Made with real fruits and veggies

No added sugars, gums or flavors with probiotics shown to improve tummy health and immunity in little ones

DHA omega fatty acids to support brain health

Made from FSC-certified paper and bioplastic to be gentler on the earth

Willa's

ORGANIC OAT MILK

Willa's exists to lead positive change, nutritiously, deliciously and for the good of the planet! Born from a grandmother's wisdom and a belief in using simple, whole plant based, organic ingredients, Willa's is the only oat milk to use the whole oat (not just oat sugar). Just before Willa's launch, co-founder Christina was blindsided with a breast cancer diagnosis. Now cancer-free, that experience further validated Willa's commitment to using organic, wholesome ingredients. With everything we do, we ask ourselves does this live up to our values and our grandmother Willa's name?

Uses the whole oat, making it:

- richer tasting
- higher protein (4-8g) & fiber (2-3g)
- lower sugar

Kids: protein, calcium, DHA Omega-3s.

No gums, no cane sugar, no rapeseed oil.

730 Shelf Days. Brooklyn based

Something & Nothing

Something & Nothing creates award-winning sodas that prioritize flavor and are crafted from the highest-quality natural ingredients. These sodas have no-added sugar and are low-calorie, and the taste isn't compromised with functional ingredients or natural sweeteners. They are perfect as an everyday elevated soda, paired with delicious food, or as a mixer in mocktails and cocktails. Something & Nothing is a proud Certified B Corporation™ — part of an inspiring group of businesses that have met high standards of social & environmental performance, transparency, and accountability.

Made with the highest quality natural juices, extracts and botanicals.

Clean, natural ingredients, naturally low in calories with elevated, full-bodied flavor.

No added sugar, sweeteners or artificial ingredients.

Award winner at Great Taste Awards*

Strange Water was born on a scorching day at an outdoor music festival when we spotted a gap that needed filling. At festivals, clubs & outdoor events where hydration is a non-negotiable, choices are limited to overpriced water or alcohol. Strange water fills that need.

Strange water strikes the perfect balance- it tastes like a tropical vacation in a can. It's a vibe from shore to sip. Our original formula is good for every occasion. Hydrate on a hike, refuel at the gym, guzzle after a flight, or treat the kids to a soda swap.. An endless spectrum of refreshments.

Our Coconuts come from the famed
“Coconut Kingdom, the Ben Tre region
of Vietnam. These special coconuts are
