Vista Hermosa was born inside of Tacombi – a taqueria committed to sharing authentic Mexican taco culture. When we couldn't find tortillas that met our standards, we started making our own. Known today as Vista Hermosa, we craft a full line of Corn and Flour Tortillas, Totopos, and Frozen Burritos. We follow traditional processes from Mexico and use only a handful of simple ingredients. We source quality, non-GMO ingredients with no preservatives to uphold and celebrate the authentic flavors of Mexico.

We spent our time in the kitchen, sharing recipes and enjoying meals. Centuries of tradition led us to the challah we bake — the fresh ingredients, the hand-crafted braids, and a desire to make the best product possible.

At Jack Bakes, we know that tradition still plays a role, but that must be modernized. That's why our Challah uses cage-free eggs, non-GMO ingredients and no preservatives. We strive to make a better product so you can create new traditions of your own. We're baking for the next generation.
