grit coffee

ROASTING CO.

Founded in Charlottesville, VA, in 2008, Grit Coffee started with a vision, a little bit of grit, and a whole lot of coffee. Today, their journey has led them to nice shops (and counting), an expansive roasting operation, and a flourishing ecommerce business. Under the thoughtful direction of Grit's Director of Coffee, Travis Mason, who has well over a decade of experience as a cook and chef, Grit searches the world over to establish relationships with great farmers cultivating great coffee beans. Mason and his team roasts them with craft and care — believing that only the best cup is good enough for the journey ahead. Grit seeks to share excellent coffee with those blazing their own trails – from the casual drinker to the coffee expert

SPRING & MULBERRY

Our date-sweetened dark chocolate bars transcend the definition of indulgence, inviting an exploration of sweet beyond sugar. Our chocolate is made with just two ingredients – dates and cacao – and not a pinch of refined or artificial sugar. Instead, we explore the spectrum of sweetness and depth of flavor found through fruits, florals, nuts, spices, and pure, essential oils. Female founded in Raleigh, NC.

What makes Tate’s Bake Shop cookies so deeply delicious? It’s something we call “The Bake Shop Way.” It started when 11-year-old Kathleen King began baking cookies to sell at her parents’ farm stand. Her love of baking and dedication to quality soon made her crisp, buttery cookies legendary in Southampton, and were the inspiration for what eventually became Tate’s Bake Shop. While our Bake Shop remains the heart of the brand, our cookies are lovingly baked on Long Island and beyond. So enjoy one of our deeply delicious cookies and experience “The Bake Shop Way.”

Uniquely crispy, deeply delicious.
 Made with simple, real ingredients.

cocojune

What makes us really excited is creating something that brings happiness and well-being. To create something that people intuitively enjoy, that feels good and does good. We believe that food is an amazing medium for inspiring joy, connection and environmental change. We're idealistic about organic agriculture. To us, it is without a single scoop of doubt, the most responsible and earth-friendly way to grow our food. In short, organic agriculture is about working with nature instead of fighting it.

Long ago, before anything synthetic or overly sugary ever existed, when life itself was a very dangerous endeavor, there were vinegar- and salt-based drinks that gave the warriors, inventors and creators of civilizations better strength, smarts, endurance, immunity and recovery. We're bringing back these super hydrating drinks that powered the past for a whole new generation of competitors eager to lead us all to a better, healthier tomorrow.

Adirondack Creamery was founded in a tiny kitchen using a farm family ice cream recipe consisting of simply milk, cream, sugar and eggs. Today we use that same recipe to produce a super-premium line of ice cream crafted with as many locally sourced, simple, recognizable ingredients as possible. The majority of farms and suppliers we work with are local, independent and family-owned businesses (just like us!). We are proud to directly connect our customers with the farms and families that make producing our flavors possible.

Rookie's

Rookie's is a handcrafted ice cream and cookie sandwich company based in Lynchburg, VA. Founded in 2017 by husband and wife, Holly and Jordan Nickerson, what began as a side hustle quickly grew into a beloved brand. In 2023 Rookie's expanded into the wholesale market, leaning into the belief that memorable dessert experiences could be crafted by simply taking care of others, making something beautiful, and challenging the status quo.
