For more than 80 years, our company has combined agricultural expertise, tradition, and innovation to create products consumers can feel good about enjoying. Farmer's Own offers better-for-you snacks crafted from tropical root vegetables and inspired by the authentic flavors of the Caribbean. As a vertically integrated company, we maintain strict quality standards from farm to finished product. Our snacks are Non-GMO, Gluten-Free, contain No MSG, and are made without artificial flavors, artificial ingredients, or preservatives.

Crafted from nutrient-rich tropical root vegetables

Made with simple ingredients

Non-GMO, Gluten-Free, No MSG, and no artificial flavors ingredients, or preservatives

PeaKaPop was born from a simple question - *“Why is it so hard to find a snack that feels as good as it tastes?”* We kept seeing a tradeoff between great flavor and ingredients we felt good about, so we decided to create something ourselves. Drawing on multigenerational experience in food innovation and roots in cultures that celebrate bold flavors, we developed PeaKaPop — light, crispy snacks made from peas, lentils, and chickpeas. At our core, we believe good food should be for everyone and better snacking should come naturally.

100% plant based, clean ingredients made from chickpeas, lentils, green peas

Vegan-Certified, NON-GMO Verified, Gluten Free

No artificial flavors, colors, or preservatives

Better-for-you snacks with clean, recognizable ingredients

OKO was founded by a chef who needed flavor ready the moment she was — something to reach for and build on, not start from scratch. So, she made it herself: vibrant vegetable blends to dip, spoon as a sauce, or spread in seconds.

Today, OKO brings that chef-made advantage to every kitchen. Real vegetables, real ingredients, real recipes — nothing engineered. Just color, vibrancy, and a burst of flavor. Dip it. Spread it. Sauce it. Because everybody deserves a friend in the fridge.

Chef made: born in Chef Jane's kitchen

Real and clean — fresh, organic vegetable blends, real ingredients, real recipes, never engineered

Endlessly versatile — dip it, spread it, sauce it

Everyday easy — a friend in the fridge that makes eating well effortless

At Veggie Confetti, we believe that **BOLD COLOR + BIG FLAVOR** are the two defining elements that will make your meal one that looks as good as it tastes. In an effort to find a simple, delicious, and health-conscious way to keep her meals exciting, Kelsey began experimenting with pickled vegetables at home.

Before she knew it, she was sprinkling them on everything...as if they were Veggie*Confetti! Kelsey saw her colorful and tangy pickled vegetables as an avenue to inspire others to eat the rainbow and make every meal celebration-worthy!

Convenient – At home pickling can take days to months, but we’ve done the work already, perfected the recipe, and put them in easy-to-open resealable pouches

Made with real veggies + simple ingredients

Vegan, Gluten-free, No Preservatives

Upcycled! We use “seconds” vegetables – veggies that have been passed over for not looking perfect, but are perfect for slicing and pickling!

Moozy is built by Oakridge Dairy, a fifth-generation family farm where we grow the feed, milk the cows, and craft the product ourselves. Our focus is simple: make the best-tasting milk possible using real dairy and whole ingredients with no shortcuts. We lean into indulgence because great taste comes first. As farmers, we are committed to quality, sustainability, and doing things the right way.

Real A2/A2 Whole Milk, Minimally
Processed - Easier to digest

Flavor-First Experience- Rich, creamy,
and genuinely delicious—no compromise

Nutrient-Rich Natural Fats & 13g Natural
Protein per Serving- Fuel your day with
high-quality, naturally occurring protein

Simple, Recognizable Ingredients

Nothing artificial – just clean, honest
nutrition. No unnecessary fillers

OAKRIDGE DAIRY

At Oakridge, we've farmed in Ellington, Connecticut since the 1890s — same family, now in our fifth generation — we're the farmers *and* the bottlers — one team, one source, start to finish. Our milk goes straight from our farm to our creamery, where it's bottled in glass and sent on its way to your table. Being single-source means we control every step, so quality and freshness are never left to chance. We believe in doing things the right way: real milk, real care, and nothing to hide — high-quality A2/A2 milk you can feel good about, easier on your stomach and better on your table.

A2/A2 Farm Fresh — easier on many sensitive stomachs, fresh from cow to shelf with fewer miles and less handling.

Single-source herd – our cows, our farm, our creamery

Richer by design — More cream, fuller taste

Bottled in glass, Returnable & sustainable

Premium shelf presence — a bottle that signals quality at a glance.

YUZUCO is your favorite chef's favorite ingredient — the cold-pressed yuzu trusted by Michelin-starred kitchens and award-winning bars, now made for everyone. Yuzu has a bright, floral and complex flavor you can't get from lemon or lime, and we capture it at peak freshness. Hand-picked on family-run orchards and used in its entirety, nothing wasted. From endlessly versatile juice to refreshing ready-to-drink beverages and addictive candied peel, YUZUCO stands for exceptional citrus.

Made with premium cold-pressed yuzu juice sourced directly from family farms in Japan and Korea.

Yuzu has 3x the vitamin C of an average lemon, gram for gram and is naturally rich in essential oils, flavonoids and antioxidants. Full-flavored, satisfying beverages with real fruit juice.

Chara[®]

greek frozen yogurt!

Chara is bringing froyo back — but better. Built in our college apartment as a healthier solution to our sweet tooth, we quickly realized the incredible benefits of Greek yogurt as the foundation for dessert. That's when we set out to reinvent frozen yogurt for a new generation with a more modern approach: real ingredients, live probiotics, balanced macros, and a product that feels as good as it tastes.

To us, froyo has always been tied to joy, nostalgia, and connection. It's the kind of product people crave after dinner, share with friends, and build little rituals around — and that's exactly what we want Chara to capture.

Better-for-you Greek frozen yogurt, high protein, low calorie

No artificial or cane sugar, sweetened naturally with maple & agave

Lactose free

Live cultures to support gut health

365 days at Production
