# Little Sesame

Little Sesame's quality-over-everything approach is making a splash on grocery shelves. Founded in a 500 sq basement pop up in 2016, Little Sesame launched a grocery ready line of hummus in July 2021. The recipe was created by founders and chefs Nick Wiseman & Ronen Tenne in their flagship restaurant in Washington, DC. The hummus is made with 100% regeneratively farmed chickpeas grown by farmer Casey Bailey under the big sky in Montana. It's freshly spun and super smooth, layered with rich tahini and brightened with freshly squeezed lemon juice.

Founder & Veteran, Hannah Pollack, and her husband, Xavier Meers, both professional chefs, met in the kitchen & bonded over their love for spreading joy through food. During a 5 years restaurant run together, Hannah created the first Nightingale ice cream sandwich as a menu dessert option. Gaining almost instant popularity, Hannah & Xavier were soon filling ice cream sandwich orders for markets, restaurants and events all over town. Shortly thereafter, they left the restaurant kitchen behind to fully embark on their new venture—one born from a love of their culinary crafts, classic desserts & each other.
